

TRACERLINE®

OPTIMAX™ 365

(Patent Pending)

Our Most Powerful, Cordless, Pure UV Leak Detection Flashlight!

Features state-of-the-art, ultra-high flux LED technology. Delivers pure, long-wave UV light that makes even dirty diesel engine oil leaks glow brightly!

Key Features:

- ▶ **Four times stronger** than most corded, high-intensity UV leak detection lamps.
- ▶ Inspection range of up to 25 feet (7.6 m) or more.
- ▶ Works with **all** automotive/truck systems and dyes, including difficult-to-fluoresce yellow dyes.
- ▶ Instant-on operation allows lamp to reach full intensity immediately. Eliminates warm up time.
- ▶ Rugged, corrosion-resistant, anodized aluminum lamp body stands up to years of heavy shop use.
- ▶ 100,000-hour bulb life.
- ▶ Electronic Intensity Stabilizer ensures consistent performance. Beam strength will not fade between charges!
- ▶ Charge Status Indicator and Battery Strength Indicator lights.
- ▶ Powered by a rechargeable NiMH battery. Provides 90 minutes of continuous inspection between charges.

The **TP-8690UV OPTIMAX™ 365** comes complete with smart AC and DC chargers, UV-absorbing spectacles, belt holster and padded carrying case. AC charger available in 120V, 230V, 240V or 100V versions.
