

# TRACERLINE®

## VioMAX Plus™

### Telescopic, True UV (Violet Light) Leak Detection Lamp

- True UV (violet light) LED offers optimal fluorescent dye response and contrast.
- Works with universal/ester and PAG A/C dyes, as well as most fluid dyes.
- Large pivoting mirror provides ideal viewing at any angle!
- Extends to a full 29 inches (74 cm) to get into hard-to-reach areas.
- Automatic on/off function.
- 100,000-hour LED service life.
